Our Cornerstone

Upon entering the doors of Lutheran High East, one can sense the spirit of pioneering that goes on here...Though not as hazardous as that of the forty-niners, it is none the less a bold venture..a zest for conquest...a yearning for that which will offer more than gold...You see it in all of the faces present...almost at once you realize that their seeking of a finer education is every bit as adventurous as that of the miners of years ago...!

Thus we are going to tell our story in the spirit that prevails...We have no finer theme...no finer cause..nothing that exemplifies so much for us as the word..."Pioneering..."

We watched our school grow from the breaking of ground to the rise of the first girders, the walls being formed into rooms, bricked in, cement poured and doors set to encase the many classrooms and other excellent facilities present now...That there is still more to do before our school is complete, certainly gives us, the class of 1958, a theme that needs no dressing up...nothing added but the truth that exists...Thus we are Proud to be first...proud of our class, our school, as well as of our spirit.

Dedication

We dedicate this, our yearbook, to Mr. Berwyn Lemke, who has done so much in the pioneering of our new school. We recognize his hard work as assistant principal, Band and Choir director, and Senior Class and Aquila sponsor. His genuine interest, friendliness, and willingness to serve has been a great aid to us, and we now wish to show our appreciation and give our thanks to Mr. Lemke. May God bless him richly through all his life and reward him with peace and satisfaction.

Pioneering. . .

It takes more than mortar, bricks, cement, wood, and materials to make a fine institution of learning...It takes men and women who are dedicated to service...both to God and man. Who are willing to make certain sacrifices to assist those in their charge to the finer things of life. Thus we are proud to present them in the pages that follow...are grateful for all they mean to us...are thankful that they too have the spirit of pioneering in their hearts, and are willing to grow with us to what we all know will be a successful adventure.

Pioneering. . .

The honor of being the first to graduate from Lutheran High East is indeed a privilege..it is something for us to remember and be proud of all the rest of our lives. However, there isn't all joy in graduation. It remains for us, the first pioneers, to make the most of what we have gained in our short stay here...to hold fast to all we have learned ...to profit by the examples set before us...to go on to greater things. It is rather for us to say to those we leave behind..."continue the spirit...kindle it well...keep it glowing...go on and on, so that someday all will know of the Alma Mater we pioneered..."

Pioneering. . .

To us who remain there will be more pioneering... we will see more construction, more classrooms, more features become a reality. We have one, two, or three more years in which to tell our story before graduation. We readily accept the wisdom of the seniors...we bid them God-speed in their future endeavors...we wish them the best in the years that lie ahead for each of them. It is more than a promise...it is a vow, that we shall fulfill their dreams by presenting ourselves as men and women with a goal...a goal that shall become a beacon before all men...

Her,
(Carolyn)

You really must be made of iron to put up with me for such a long time (I'm not complaining)

All in all we've had a lot of good times together even though once in a while we seem to aggravate each other - you "ol squumpy dump."

Maybe sometime we'll surprise everyone and get someplace on time - (if we did they would probably faint)

I'm also glad that you like to hunt animals - especially skunks cause their lovely presents, even if I pretend I don't like them.

Cheerleader Initiation

Didja Ever try to breathe through your mouth under water?

Henry,

So my one and only "witch." We have sure had loads of fun this last year and hope to have lots more.

May God Bless every-thing you do.

Saul,

Carolyn

(P.S. - If a flunk Latin I'm gonna blame you cause it took me all hour to think of something to say.)

Then there are always people like Bill Diton who thinks we

are still causing which is another thing I will always remember, (Luh Cuz)

Pioneering. . .

No where can we more vividly show the pioneering spirit of Lutheran High East than in the pages that follow. Classes had to be organized, schedules set, hours determined, and many other things that almost shook our imagination. In no time at all we were on our way...confusion became organization almost over night. How it was accomplished is beyond our realm of comprehension...but it did evolve...did become a reality...and...are we Proud! Clubs were formed, sponsors and officers elected...democratic processes were followed perfectly...and...through it all, we emerged, satisfied that we can meet the challenge of society in the future...

A very necessary part of student life at Lutheran High East is centered in our student council. They are entrusted with the jobs of helping keep order throughout school, taking care of the student lounge, and the handling of weekly chapel collections. Largely through the efforts of the council over \$1,800 was pledged by the student body for needed equipment in school. Now that the first year of LHE Student Council history has been written and the foundation laid for the future, succeeding years will find increased activity and continued service from this consecrated organization.

The Pep Club has worked hard to promote good sportsmanship at all L. H. E. games. The large number of girls in this club have served as a cheering core in Pep Sessions and at the games.

During the year the club has given the Mr. Football and Mr. Basketball parties. A pre-game warm-up was one of their own fun activities.

The girls sponsor the school cheerleaders and this year purchased ten blue and white uniforms.

The Aquila, our school yearbook, is making its first appearance with this issue. Membership in these staffs this year is primarily made up of seniors.

Few realize the tremendous amount of work that goes into the putting out of a school paper each month. This being the first paper of L.H.E., even more work and worry was required. The editorial staff gives up a lot of their time to collecting information, editing copy and securing ads for the publication of the paper. A vote of thanks to these people and their advisor, Rev. Querbach.

Easternettes

The Easternettes Club is an organization for the girls at L.H.E., who are interested in poise, personality, and fashion. So far this year, the girls have heard a talk on fashion buying from Miss Beverly Hudson. Their main interest now is presenting a spring fashion show in May.

Seated: Beverly Moots, secretary, Eleanor Lueders, president, Barb Franklin, vice-president, JoAnn Schutzler, treasurer. First Row: J. Farrah, J. Carpenter, R. Peterson, B. Ribbeck, L. Schutt, M. Ushers Club

The ushers club is a service group here at L.H.E., that does its part in helping to make sure the daily chapel exercises are a truly devotional period for all. They see that hymnals are distributed, that everyone has a seat and that the weekly collection is taken.

Pioneering in sacred vocal music are these, the first choirs at L.H.E. Both have done a fine job in their initial year.

The Senior Choir has had a rather active year as a "starter". Appearances were made at the Faculty Installation Service, Reformation Service at the Ford Auditorium, and its first TV performance. Christmas time found the choir singing at Sams and in its first concert at Bethany with the Junior choir.

Springtime services were planned for Good Friday appearances at the United Artists and Vogue theaters.

The Senior Choir received new gowns in time for the Christmas concert while the Junior Choir is still waiting -- and hoping.

Highlights of the year were the concerts on April 18 and 19 and the Tri City Festival in Cleveland on May 23-25.

This group has pleased many with their performances in precision marching and rhythm steps. This year being their first separated from the west-side, they have made new "blue and white" uniforms, and practiced long hours working out routines. This spring found them training new girls to build up their club. Everyone is looking forward to seeing more of this growing organization.

The Varsity Cheerleaders, (above) have done a good job leading the cheering section and keeping up the morale of the team and the students whether winning or losing. The captain of this squad, Carol Schultz, helped arrange all the pep sessions and trained the girls for next year's squad.

The Junior Varsity Cheerleaders

Left to right: Bunny Stearle, Connie Haack, Ruth Matalavy, and Cynthia Schriefer.

The J. V. Cheerleaders also deserve a hand of congratulations. They have stayed behind the J. V. team all the way, and really boosted up the morale of the team.

Pioneering. . .

That we had any athletic program at all was mystifying... a new school...so many things that had to be done...so many other things first...Despite the obstacles, the inadequate things that pioneers must face...we gave a good account of ourselves ...and...so much of this was because of the understanding of our coaches...our newness...our numbers! Still, through it all we emerged with a pride that goes with pioneers...We presented ourselves in action with a true Christian spirit of doing one's best with what we have...This, no one can take from us ...we stand alone as gladiators who gave our all that our Alma Mater might be proud...and...win or lose, we were proud of of our efforts, as pioneers...

The 1957 season, the initial one for the Eagles, proved to be fairly successful. This group of blue-clad "men of the gridiron" battled their way to a season record of two wins and five closely contested losses. We are mighty proud of this team which was the first to represent our school in an athletic contest. Our thanks to you!

Our reserve team found the going rather rough in their first year out. As Pioneers, they gave their best and are to be congratulated! As they go on to become varsity members, we feel that the experience gained will manifest itself in a successful season in 1959.

Our Eagles of the Court did themselves proud in their pioneer efforts . . . winning twelve, while losing eight, they went into the district finals, to bow to St. Paul of Grosse Pointe . . .

We are very proud of their accomplishments, and feel that next year they will do even finer . . . Our hats are off to each and everyone of them.

Pioneering. . .

Presented here are the many things that happened first at Lutheran High East. They had to be first...there was no story to tell before this one. Thus these things became our treasures...the joys we found between classes, in and around school...and all were done in the spirit of pioneering. Much more will be added to succeeding classes, but none will be more remembered...none will be more inspiring...none will have a finer meaning...And with these pages, we, the class of 1958, bring our book to a close...In so doing, we invite all competition...ask all to try and doubt our true spirit...try to doubt that we are truly pioneers.

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained by friendly, understanding supervisors and today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid-morning and midafternoon "breaks" for relaxing in comfortable lounge rooms, and by the opportunities for advancement.

Isn't that the kind of job *you* want? Then why not get in touch with us now? We'll be happy to tell you more about the variety of interesting telephone jobs available to high school graduates.

In Conclusion . .

Now, after the first year of pioneering at Lutheran High School East is concluded and written off in the books of history, we, the pioneers, can well look forward to the school's oncoming years. Although we have seen the beginning of this beautiful building, we need not stop planning ahead and thinking of the future. Someday soon we hope to see many welcome additions--a permanent administration wing, an equipped cafeteria, a gymnasium, a complete athletic field, and eventually a swimming pool. Therefore, we can actually say that we are not the last pioneers. In the years to come, there will also be many opportunities for the students, as well as the faculty, to show their spirit of pioneering, which has been so definitely present throughout this year.
